Welcome on the internet site of the registered charity
"Förderkreis Kulturdenkmal Expeditionsschiff FEUERLAND" e.V.

On these pages we want

- to document the transfer of the scientific expedition ship "Feuerland" from the Falkland Islands back to Germany,
- to attend the later original restoration of the ship,
- to present some background information to the history of the "Feuerland" and to the person Gunther Plueschow and
- to document our own expeditions (later in this century :)

have fun on these site, and excuse for all not translated pages,
expeditionsschiff.de
